

The Bulletin

Newsletter for the Friends of Jenner House Support Group

No. 36

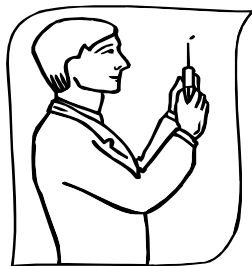

December 2007

We welcome this time of the year when many of us come to Jenner House for our flu jab. There are not many occasions that a community such as Old Harlow can come together and meet. Despite reports that flu jabs don't work, it was heartening to know that more than a thousand patients visited Jenner for their annual injection. It is recommended that we listen to our doctor's advice to have this annual injection.

Flu Vaccination Clinics

Over 1200 people attended the two Saturday morning flu vaccination clinics, the experiences from the previous year ensured that queues were kept to a minimum and that the two mornings went very smoothly. A big **thank you**, to the Friends of Jenner for their support and assistance, as well as to all the staff who gave up their Saturday morning.

Additional clinics has been scheduled for those patients who were unable to make either of the Saturdays. Please ask at Reception for an appointment.

Next please!

Blood Tests

Bloods are taken between 11.45am – 12.30pm – Monday to Thursday at

Jenner. Appointments can be made after 11.00am the day before. Please report to Reception on arrival. *Remember your blood test form.* Patients under the age of 14 must go to the Pathology department at Princess Alexandra Hospital for their blood tests.

Patient Surveys

The practice undertook its own Patient Survey at the beginning of September - the results of which will be available later.

Staff

We are pleased to announce that Dr **Woolhouse** gave birth to a baby boy in October. She is currently scheduled to return to work at the end of January 2008.

Dr **Shahzad** will be looking after Dr Woolhouse's patients during the period of her maternity leave.

—Dave Bell
Practice Manager
